Combined, the number of poverty and ALICE households equals the total population struggling to afford basic needs.

What does it cost to afford the basic necessities?

This bare-minimum budget does not allow for any savings, leaving a household vulnerable to unexpected expenses. Affording only a very modest living in each community, this budget is still significantly more than the U.S. poverty level of \$11,490 for a single adult and \$23,550 for a family of four.
