## How many households are struggling?

**ALICE**, an acronym for **A**sset Limited, **I**ncome **C**onstrained, **E**mployed, are households that earn more than the U.S. poverty level, but less than the basic cost of living for the parish. Combined, the number of poverty and ALICE households equals the total population struggling to afford basic needs.

## What are the economic conditions?

poor (36)

**Community Resources**

## What does it cost to afford the basic necessities?

This bare-minimum budget does not allow for any savings, leaving a household vulnerable to unexpected expenses. Affording only a very modest living in each community, this budget is still significantly more than the U.S. poverty level of \$11,490 for a single adult and \$23,550 for a family of four.
