

# ALICE IN VERMILION PARISH

## 2014 Point-in-Time Data

**Population:** 58,784 | **Number of Households:** 21,623

**Median Household Income:** \$47,344 (state average: \$44,555)

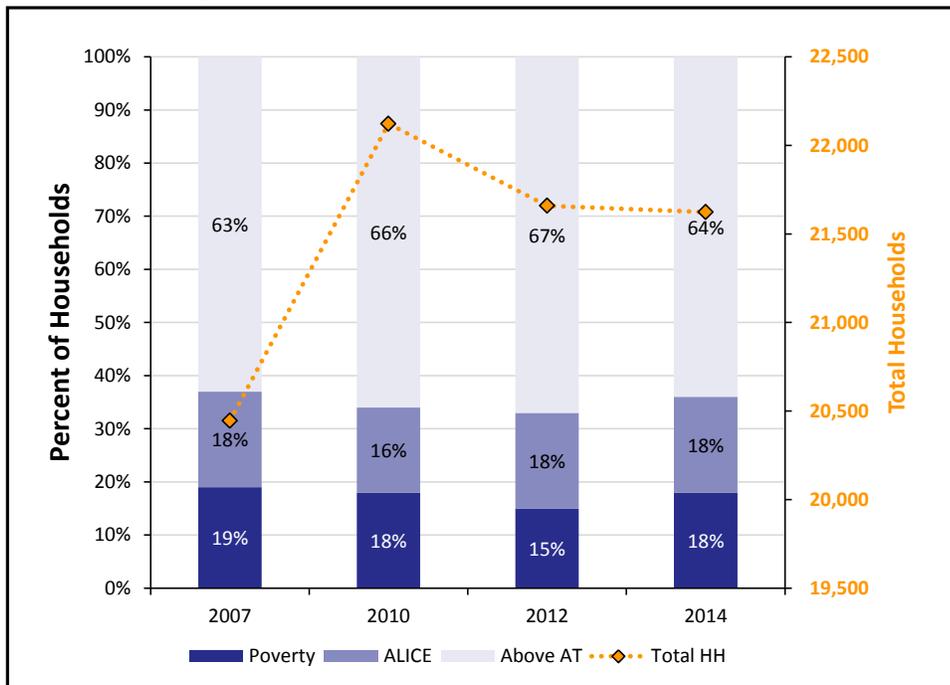

**Unemployment Rate:** 8.2% (state average: 7.5%)

**ALICE Households:** 18% (state average: 22%); **Poverty Households:** 18% (state average: 19%)

## How many households are struggling?

**ALICE** is an acronym for **A**sset Limited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the parish (the ALICE Threshold, or AT). Combined, the number of poverty and ALICE households equals the total population struggling to afford basic needs. The number of households below the ALICE Threshold changes over time; households move in and out of poverty and ALICE as circumstances improve or worsen. The Great Recession, from 2007 to 2010, caused hardship for many families. Conditions started to improve between 2010 and 2014 for some, but not for all.

## Households by Income, 2007 to 2014

## What does it cost to afford the basic necessities?

The bare-minimum Household Survival Budget does not include any savings, leaving a household vulnerable to unexpected expenses. ALICE households typically earn above the Federal Poverty Level of \$11,670 for a single adult and \$23,850 for a family of four, but less than the Household Survival Budget.

## How many families with children are struggling?

Children add significant expense to a family budget, so it is not surprising that many Vermilion Parish families with children live below the ALICE Threshold. Though more Vermilion Parish families are headed by married parents, those families with a single parent are more likely to have income below the ALICE Threshold.

### Families with Children by Income, 2014

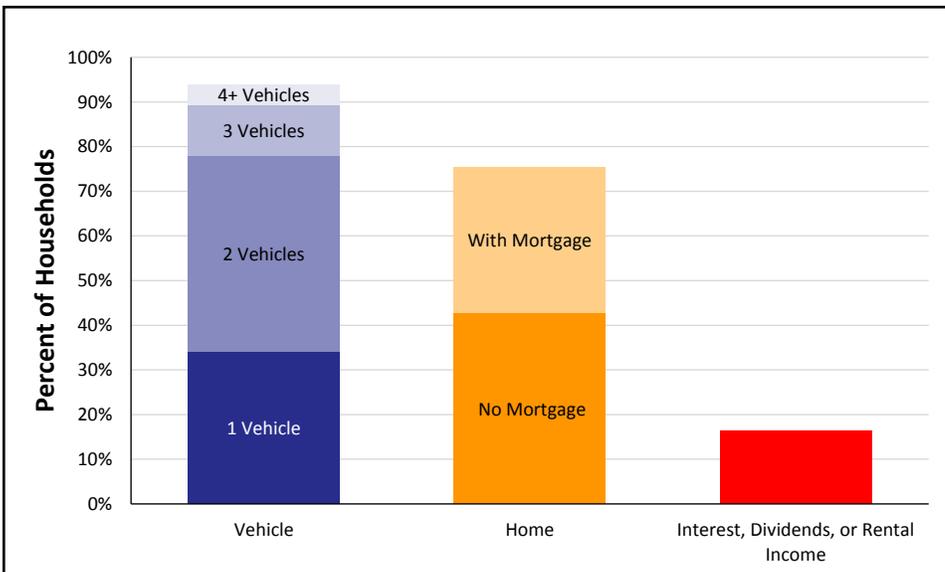

Town	Total HH	% ALICE & Poverty
Abbeville	4,461	52%
Delcambre	725	36%
Erath	899	38%
Gueydan	668	42%
Kaplan	1,933	53%
Maurice	518	26%

## What assets do households have?

Ownership of assets can contribute to stability of households. Yet few families in Vermilion Parish own liquid assets, such as a savings account, 401(k) plan, or rental income, that are readily available to cover emergency expenses. Vehicles, the most common asset, depreciate over time. Homeownership, the next most common asset, can build wealth, but is not a liquid asset.
