

# ALICE Parish Reports with ZIP and Place Data

Parishes are the core geography for ALICE data: They reveal variations often masked by statewide averages, and the data is reported regularly and reliably.

## ALICE IN ST. TAMMANY PARISH

**ALICE** is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed — households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county. While conditions have improved for some households, many continue to struggle, especially as wages fail to keep pace with the rising cost of household essentials (housing, child care, food, transportation, health care, and a basic smartphone plan). Households below the ALICE Threshold — ALICE households plus those in poverty — can't afford the essentials.

### 2024 Point-in-Time-Data

**Population:** 277,615 **Number of Households:** 107,308

**Median Household Income:** \$82,337 (state average: \$60,986)

**Labor Force Participation Rate:**

**ALICE Households:** 29% (state average 30%) **Households in Poverty:** 11% (state average 19%)

## Financial Hardship Has Changed Over Time in St. Tammany Parish

As circumstances change, households may find themselves below or above the ALICE Threshold at different times.

## Financial Hardship is Not Equally Distributed

By total number, groups with the largest population of households below the ALICE Threshold tend to also be in the largest demographic groups. However, when looking at the proportion of each group that is below the ALICE Threshold, it is clear that some groups are more likely to be ALICE than others.

## Households by Race/Ethnicity, St. Tammany Parish, Louisiana, 2024

There were also differences in financial hardship by household type and age of householder.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. In 2024, household costs in every parish in Louisiana were well above the Federal Poverty Level of \$15,060 for a single adult and \$31,200 for a family of four.

Financial Hardship Varies by Location in Louisiana

There is substantial variation in the number of households who live below the ALICE Threshold within the parish. Explore the map and table below to learn more. The map is shaded to show the percentage of households that are below the ALICE Threshold (poverty-level and ALICE households combined). The darker the blue, the higher the percentage.
