

# ALICE IN EAST FELICIANA PARISH

## 2021 Point-in-Time Data

**Population:** 19,588 • **Number of Households:** 6,520 (-6% change from 2019)  
**Median Household Income:** \$58,125 (state average: \$52,087)  
**Labor Force Participation Rate:** 43.1% (state average: 58.5%)  
**ALICE Households:** 34% (state average: 32%) • **Households in Poverty:** 14% (state average: 19%)

## Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset Limited, **I**ncome Constrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the parish (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 3,643 households in East Feliciana Parish were below the ALICE Threshold; in 2021 this number changed to 3,100, (a -15% change).

## The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the parish level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in East Feliciana Parish were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

# Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by parish demographics, community members can move toward more equitable solutions.
